Riva 45 Multi-fuel Fire

Clean and contemporary look

Slightly taller in stature, the Riva™ 45 has the same clean and contemporary look as its smaller counterpart but with a higher heat output of up to 5kW. It can be fitted into a 36" high fireplace opening.

Install your Riva™ 45 as either a 'hole in the wall' fire with a 4-sided frame or on a hearth with a 3-sided frame.

The choice of smart Storm or Jet Black Metallic finishes which come as standard on all our Riva™ Cassettes can be complemented with one of four striking colours for the Profil frame. Choose either Metallic Red, Metallic Blue, Metallic Bronze or Ivory, to inspire a bold new look for your home.
