View 8 Stove

Large capacity stove with contemporary design

The View 8 is available as a woodburning only and multi fuel version. The stove uses Stovax's firebox technology to give you high efficiency in your home heating. The View 8 will produce 8kW heat output, so is suitable for larger rooms.

View 8 stoves have a cast iron door and large glass window to enjoy the burning flames. There is an optional extra of a glass top plate for a more contemporary look, and the plinth has a glass front as standard.
