Gazco 12 Gas BBQ

The Gazco 12 gas barbecue provides a very generous 2728cm² cooking area served by 4 high-powered, stainless steel burners whilst there is an additional side burner as well as a double layered hood that even allows you to roast.

In fact, exactly the fully equipped barbecue you would expect to find from Gazco, one of the UK's leading manufacturers of gas fires and stoves. Substantially better built than similar-looking BBQs found in DIY outlets, you will not find this quality elsewhere. Gazco barbecues are exclusive to Garden Style Direct.

The Gazco 12 Gas BBQ is available to purchase through **www.gardenstyledirect.co.uk**.
