Gazco 33 Gas BBQ

The flagship of our barbecue range, the Gazco 33 gas barbecue offers the finest possible blend of quality and features to satisfy your every outdoor cooking need. Instead of a grill with options, the Gazco 33 provides every option as standard.

With an overall construction in resilient stainless steel, behind the brushed zinc alloy knobs on the control panel sit four exceptional, cast iron burners. Independently controlled, they can provide up to 17.6kW of heat/flame across a staggering 3792cm² of main cooking area. Plus there is a further 1463cm² of warming shelf, an additional side burner with 3.5kW of power, a ceramic infra-red rotisserie, smoker unit... in fact, the Gazco 33 gas barbecue can create everything for your outdoor feast whether you grill, sear, roast, smoke or saute!

This is truly a supremely competent barbecue from Gazco, one of Britain's leading manufacturers of gas fires and stoves - and it shows.

The Gazco 25 comes complete with a durable, all-weather cover, and is available to purchase through **www.gardenstyledirect.co.uk**.
