Logic Electric Progress

The Logic Electric Progress offers designer style with modern simplicity and high levels of performance. This modern technology fire offers a choice of 2 heat seatings and 4 levels of flame brightness that are controlled from the remote control. On milder evenings you can enjoy the ambiance without the warmth, as Gazco's highly realistc effect can run independently to the heater. The Logic Electric also benefits from an additional thermostatic control.

Designed to fit into a standard fireplace opening or flat against the wall with either a 3" rebated mantel with slip or by using the optional spacer frame, the Logic Electric offers easy installation, ease of use and a fantastic log effect flame visual.
