Art Nouveau Tiled Front

Traditional style for your fireplace

The Art Nouveau fireplace fronts have been developed by Stovax to suit the 22" high 16" wide (560x405mm) chimney opening of a modern home.

This version retains all the features of a full insert fireplace - detailed castings, choice of tiles and finishes as well as a brass hood option - but can be installed against the chimney breast using a mantel with a 75mm rebate.

There are two versions of the Art Nouveau front - one for a gas fire and one for use with solid fuels. The latter also has the option of a tapered fire grate.
