Riva2 500 Ellingham Gas Fire

Hearth mounted gas fire

Crafted from cast iron, the new Ellingham front is a brand new surround option for hearth mounted installations of the Riva2 500.

With its refined cast detailing and taking inspiration from neo-Georgian architecture, the Ellingham adds a touch of grace and elegance to Gazco's range of smaller high efficiency, glass-fronted Riva2 fires. Although classic in style, the Ellingham will sit equally at home in both modern and traditionally styled interiors, with a handsome matt black finish to offset the highly realistic log effect and choice of fire lining options.

Riva2 500 Ellingham Gas Fire – Key Facts

Fire choices	Heating efficiency	Heat output (kW)	Chimney options 1	2	BF
