## Spanish

### A firm favourite with homeowners for almost two decades

Based on a traditional design, the Gazco Spanish front has remained a firm favourite with homeowners for over two decades. Part of this appeal is Gazco's mix and match system, whereby the four different Spanish fronts (Matt Black, Polished Brass-effect, Polished Chrome-effect and Highlight Polished), and a possible sixteen different frames (depending on model) can be combined to give you the precise look you require.

Available with your choice of three different control systems: Manual Control, Slide control or a Remote control.

Fuel effects: White stones, Coals or Glass Bead fuel effects (dependant on the type of model).

Gazco's Spanish front is available with the Logic, E-Box & E-Studio and VFC inset gas fire ranges.

### Spanish – Key Facts

Fire Choices	Heating Efficiency	Heat Output	Chimney Options				
			1	2	3	BF	PF
