William IV Cast Iron Mantel

Add grace and refinement to any room

Stovax's cast iron mantels are designed to complement our classic fireplaces. They are exacting reproductions of the originals and will add presence and grace to any nineteenth century inspired interiors.

The magnificent William IV mantel lives up to its regal name, with impressive proportions and exquisitely detailed embellishments. It will add grace and refinement to any larger room.

Combine the William IV cast iron mantel with an insert fireplace or cast fronts to provide authentic period style.
