Art Nouveau Tiled Insert

Art Nouveau perfection

The Art Nouveau insert fireplace captures the Art Nouveau era's flowing design motifs to perfection.

Available in traditional matt black or highlight polished finishes, the fireplace is decorated with colourful Alphonse Mucha or tube-lined tiles. For the ultimate panache, a cast brass hood can be fitted to either model.

The slender vertical front bars, which were popular on fireplaces of the period, have been retained in certain models. They are used with gas fires and an alternative version is offered with horizontal cast iron bars for better fuel and ash retention when burning logs, coal or smokeless fuel.
