Riva 67 Avanti Electric Fire

Impressive log-effect fire

Slot the Electric Riva Avanti into a pre-constructed opening, plug in and switch on for that 'real fire' look. The fire can also wall mounted using a wall mounting fixing kit.

The electric log-effect fire provides flickering flames and a warming glow at the touch of a button on the remote control.

You are given instant heat as the heater can be operated with 1 or 2kW of output. Or you can enjoy the flames without any heat.

Colour choice: Brushed Stainless Steel only.

Fuel bed effect: Log effect only.

Riva 67 Avanti – Key Facts

Fire choices	Heating efficiency	Heat output (kW)	Chimney
Electric Riva 67	99%	2.00kW	No Chimney Required

The above information is to assist in your choice of a suitable Gazco electric fire. This is not intended to be all information required to install your fire, this can be obtained from your local ***Gazco retailer****.*
