
Riva Plus Large Stove

A big stove to make a big impact

The Riva Plus Large stove will create a magnificent focal point in your home and give a significant heat output. If you have a large inglenook fireplace this multi fuel stove is ideal for you

All Riva Plus stoves feature cleanburn combustion systems. This means burning logs or solid fuels with outstanding efficiency. More heat is delivered in to the room and less heat goes up the chimney.

Riva Plus stoves are available either as dedicated wood burning stoves or multi fuel stoves with a specially designed riddling grate.
