Stockton Electric Stove

Flames, glow and heat at the touch of a button

Using the same cast iron door and heavy gauge steel body as the Gas Stocktons, the electric version combines the classic looks of a woodburning stove with the ease of Gazco's latest VeriFlame™ technology.

This means you can enjoy two heat settings that can both be thermostatically controlled; three flame intensity levels, plus the additional option for a blue flame effect on the high setting to create a remarkably authentic log-effect fire - a superb focal point for any room.

The fan heater is discreetly hidden beneath the stove with full control of both output and flame effect by remote control.

Choose from the Stockton Small, Stockton 5 or the Stockton Medium.

Stockton – Key Facts

Overall dimensions - Small	422 x 525 x 340mm (w x h x d)*
Overall dimensions – 5	481 x 544 x 337mm (w x h x d)*
Overall dimensions – Medium	579 x 618 x 411mm (w x h x d)*
