# Steel Manhattan Electric Stove

## Contemporary, convenient and comforting

The small and medium Electric Steel Manhattan stoves have clean lines and a realistic log-effect fire.

The stove can provide up to 2kW of heat at the press of a button on the remote control.

Both sizes feature Gazco's VeriFlame™ technology which offers you 5 flame speeds and glow levels. The heater is concealed beneath the stove. There is also a choice of finishes to suit modern interiors.
