Stockton 8 Inset Convector

Convector fireplace with impressive heating capacity

This convector fireplace provide impressive heating capacity compared to a standard open fireplace and it also offers you the benefits of our freestanding Stockton 8 stoves.

The Stockton 8 Inset is highly practical. It has full multi-fuel capability with external riddling, double doors for easy loading/stoking and both cleanburn and convection systems for greater heating efficiency. Plus, Airwash helps ensure you enjoy a clearer view of the fire.
